

## Pride of the branch

On January 16, 2019, the Ministry of Higher and Secondary Special Education and the Center for Spirituality and Education awarded the winners of the "Student of Year" competition for the first time. The contest was held in 3 stages among the students of higher educational institutions, with a total of 316 young people. In the nomination "The inventor of the year" the 1st place was taken by Ravshanov Umid, a third-year student of the department of "Hydrotechnic construction" of Bukhara branch of TIAME. With this achievement, U.Ravshanov was congratulated on behalf of all professors and teachers and wished success in his future career. It is desirable to list the information about U.Ravshanov who was the pride of our branch.

Umid was born in 1993, Gijduvan district of Bukhara Region. A Student of the Bukhara branch of TIAME, in connection with the 15th anniversary of the Public Youth Movement "Kamolot" in 2016, actively participated in the youth festival under the slogan "Kamolot - my support, my bestowal, my dear!". He was honored with the title of Honor for his example in spiritual and educational initiatives. He is the Winner of the 1st place in the nomination "The inventor of the year" in the Republican contest "Student of the Year" for the academic years 2017-2018. He has 6 articles in scientific conferences, 6 articles in international conferences and magazines and one teaching-methodical manual. We sincerely congratulate him on behalf of our Institute and wish him new successes.

**R.Jumaniyozov, the press secretary of the institute**
