

Sections

Department "Organization of construction and technology" is a plan of the section "Young technologist" for the 2023-2024 academic year

№	Topics	Time	Auditory	Circle leader
1	Members of the club will be informed about the goals and tasks of the group of young specialists	02.10.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov
2	Importance of technology used in the construction of water bodies	16.10.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov
3	he role of the Decree of the President of the Republic of Uzbekistan of 19 April 2013 No. PP-1958 and Decree of the Cabinet of Ministers of the Republic of Uzbekistan of 24 February 2014 No. 1958 on water management facilities.	30.10.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov
4	A critical study of the technology used in the construction of water bodies	13.11.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov
5	Development of proposals for studying and introducing modern foreign technologies used in the construction of water bodies	27.11.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov

6	To get acquainted with the engineering software used in the construction of water bodies	04.12.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov
7	Activities of the State Unitary Enterprise, specializing in land reclamation and water management	18.12.2023 Time 15:00	<u>B-117</u>	M.Z.Radjabov
8	Features of the use of modern technologies in the construction of facilities in Uzbekistan	22.01.2024 Time 15:00	<u>B-117</u>	M.Z.Radjabov
9	Features of Tunneling and Underground Construction in Uzbekistan	05.02.2024 Time 15:00	<u>B-117</u>	M.Z.Radjabov
10	Technology of protection against moisture for hydraulic installations in irrigation and melioration systems	19.02.2024 Time 15:00	<u>B-117</u>	M.Z.Radjabov
11	Advantages of the technology of "wall formation on the ground" and sequence of realization	05.03.2024 Time 15:00	<u>B-117</u>	M.Z.Radjabov
12	Organization and technology of water supply work in the construction of large structures	19.03.2024 Time 15:00	<u>B-117</u>	M.Z.Radjabov
