

Achievements are the result of aspiration and research

Uralova Dilroz Zanol kizi, the student of the Faculty of Hydraulic Engineering, was awarded a 2nd-degree diploma for participation in the republican online competition in the category "Best Article" on the topic "We are against corruption." Abdumuminova Dilnoza Akromjon kizi, student of the Faculty of Land Management, was awarded a III degree diploma for participation in the republican online competition in the category "Best Article" on the topic "Trafficking in Human Beings - a Problem of Time".

It must be admitted that an active approach to existing problems and a correct outlook on life are also characteristic of students. Because pursuit and exploration open the door to a wide range of possibilities. It is clear that the step taken during his student years will become the basis for his future activities. Each century faces its own challenges facing humanity.
